End of Year Purchases

As the end of year approaches, most deductibles and out of pocket expenses have been met. For this reason, please call for an appointment today so we can

assure that any items which must be ordered will arrive before the end of December. The same holds true if you have an order waiting to be picked up. It cannot be invoiced with the insurance company until you have actually picked it up. If you've been notified that your order has arrived, please make every effort to pick that order up before December 30th. In addition, if you have a flexible spending plan and there is money left in that account for this year, that money can be used to pay for eligible products.

Congratulations!

Wedding bells rang for our Insurance Coordinator, Danielle Jones on September 4, 2010.

Our blessings we recall;
The things we are most

We recollect them all.

You are really special,
In all you say and do.
You've made a
difference in our lives;
We're thankful now for you.
